SEATTLE — Symetrix has been an active participant in the U.S. Marine Corps Reserve’s Toys for Tots Program for 25 years — which is more than long enough for some of the original recipients of the toys in the early years of Symetrix’s sponsorship of the program to grow up and join the Marine Corps themselves. The program collects new, unwrapped toys each year to distribute as Christmas gifts to needy children in local communities.

Reflecting on the latest outpouring of gifts, Julie Ogden, Symetrix COO and organizer of the campaign, said, “We are very grateful to our business partners, employees, family and friends who have generously contributed over the years and made this year’s 25th annual campaign an even bigger success. Christmas wouldn’t be Christmas at Symetrix without the outpouring of gifts for Toys for Tots. It’s one of our ways of giving back to the community.”
